

“LIFE THROUGH THE LENS”

WHEN LIFE SQUEEZES

“Ever felt under pressure?” I’ll bet you are thinking, “Right! Next question!”

Of course, we all have times of feeling under pressure. It appears to have become a natural part of living; it is to be expected: like the contents of a concrete truck. There you are along for the ride; no say in where life is taking you; tumbled around; poured into a confined space, more churning around; forced up a pipe and spat out the end. More pushing around – all for what?

Well, if the builder; the craftsman knows what he is doing the concrete will be worked into something of value; become what it is meant to be.

A follower of Jesus gave some good advice when he said, “God’s strong hand is on you; he’ll promote you at the right time. Live carefree before God; he is most careful with you.” (1 Peter chapter five verse seven)

Remember those words when it feels like life is tumbling you around; drops you into some place that hurts, then pushes you into a dark place only to feel as if life has spat you out; then someone else pushes you around.

The “Master Builder”; God himself could be forming you into a person of strength to be a help to others: For we are God’s handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do. (Ephesians chapter two verse ten)

One day you will understand the “Masterplan” and stand in awe.
