

## PEACE

I was feeling down in the dumps today,  
Whatever I did never went my way!  
I couldn't go out, had no one here,  
The future looked bleak, dull and full of fear.  
Tried to fix it as best I could,  
Then remembered all the things I should!  
Heard Jesus say, 'Do not be scared,  
I know the way that your life's been impaired,  
But look to me, give me your hours,  
I care for your hairs, the sparrows and flowers  
I've promised you a place under my wings,  
I'll walk you through all the terrible things.  
I'll give you courage and strength for each day,  
I'll carry your load and show you the way.  
I know what you feel , I've been there before,  
So follow and listen and come through my door.
